CAPT. PICKETT RETIRED AT HIS OWN REQUEST.

He Made His Application Before His Transfer from the Tenderloin Devery, Martens, and Copeland the Captains Hocked for Trial—"Pantaloons" He-come "Trousers" in the Revised Rules,

At an executive session yesterday the Police Commissioners decided to place on trial shortly Capt Devery of the West 125th street station. Capt. Frederick W. Martens of the East Thirtyfifth street station, Capt. Copeland of the Union Market station, and Sergeants Liebers, Jordan, McKenna, and Parkerson.

Capt. Devery was recently restored to duty after his acquittal before a jury on the charge of extorting money from Builder Siegrist. He is to be tried by the Commissioners on Builder Siegrist's charges. Lawyer Mosa of the Parkhurst society is preparing the charges and will act as prosecutor. Lawyer Moss is also preparing charges against Capt. Martens, on which the latter is to be tried. The charges against Martens date back to 1891, when he was a sergeant in the Tremont station. He is accused of accepting \$15 from a storekeeper whose store he reported favorably as a polling place for election. The matter came out before the Lexow Committee, and charges were made they have not been tried. He is charged with what is known as legal offences, conduct unbecoming an officer, and conduct injurious to the

The charge against Capt. Copeland is failing to enforce the Excise law in his precinct. The four Sergeants are accused of accepting bribes from Mrs. Thurow, the Lexow witness.

The dates for the trials were not fixed, but it was decided to try Capt. Martens and Capt. Copeland first. The four Sergeants will be tried next, and after that Capt. Devery will be placed en trial. Commissioner Roosevelt is to try Capt. Martens's case early next week, it is be-

Commissioner Parker, when seen later relative to the charges against Capts. Devery and Martens, said he did not believe the Board would gain anything by trying Devery upon the charges which he was acquitted of. As to Capt. Martens, he said it was doubtful if the Captain could be convicted. The Commissioner also felt that Capt. Copeland could not be adjudged guilty on the charge of falling to enforce the Excise law. The charges against Copeland were made several weeks ago. Commissioner Roosevelt found a saloon open owned by a rother of a police Sergeant in Copeland's precinct on Sunday. In police circles the talk is hat Capt Devery is a victim of persecution on the part of the Parkhurst society. He has been twice brought up on criminal charges and on each occasion was honorably acquitted. He and was restored to duty only two weeks ago. Now he is to be placed on trial again on charges which the Parkburst society will prosecute.

When they met at the regular meeting Com-When they met at the regular meeting Commissioners Roosevelt and Andrews and Mr. Parker greeted each other as pleasantly as if the first two were trying to keep the third in the Board in place of trying to oust him. Almost the first thing done was to retire Capt. Pickett, recently transferred from the Tenderloin precinct on his own application. His application was filed three days before his transfer, and is not a consequence of it. He has been connected with the police force for over thirty years, and became a Captain on Dec. 23, 1892. Acting Captain Charles L. Albertson of the Charles street station was put in command of the Mulberry street station in Pickett's place.

Patrolman John Farrell of the East 104th street station was retired after twenty-five years' service. He is one of the mon recently transferred from the Harlem Court squad.

Col. Grant laid before the Board a set of rules and regulations of the department with the recommendation that they be adopted. A committee, consisting of Deputy Clerk Delamater, Sergeant Hildebrand, Inspector Cortright and Acting Inspector Harley, have been at work several weeks revising the rules. Col. Grant said that many changes from the old rules were made necessary on account of the Bipartisan bill.

"One of the things we changed," he said, missioners Roosevelt and Andrews and Mr.

One of the things we changed," he said, "trousers." I "I favor that," said Commissioner Roosevelt, Bughing. Commissioner Parker also smiled.

Col. Grant suggested that all the Commissioners should look over the new set of rules before they are finally adopted. "I am going to be away next week." he said, "and I wish to get these things off my hands." Asked where he was going, Commissioner Grant said to St. Louis.

Louis.

Commissioner Parker stated that the rules should not be adopted until they had been gone over and passed on. He said that he had not even seen them yet. Commissioner Rooseveit suggested that Commissioner Parker had better "Let the President have them." responded Commissioner Parker. "He has not seen them

they were not adopted. They were referred to the Committee on Rules and Discipline for further report. When they are finally adopted they will have to be submitted to the State Civil Service Board for approval.

The meeting was perfectly harmonious, and there was not the least sign of the breach that exists between Commissioner Farker and Mears. Roosevelt and Andrews. The Commissioners named talked to each other on Board matters as though they were the best of friends, and there were no arguments or disputes such and there were no arguments or disputes such

and there were no arguments or disputes such as characterized last week's meeting. Chief Conlin made the following transfers yesterday afternoon:

From the West Thirtieth street station to the Mercer street station, Sergeant Henry Halpin, Patrolmen Andrew Burns, Thomas McGuire, Henry Kupfrian, Thomas Sherdan, and Thomas Mahassy; from the Mexcer street station to the West Thirtieth street station, Sergeant John McDermott, Patrolmen Henry Wolf, Francis E. Caddell, James H. Weish, John W. Waiters, and Livingston Hunt. The transfers will take effect at 8 o'clock this morning.

CATHOLICS IN POLITICS.

The Bishop of Nova Scotia Urges the Peo-ple to Support Tupper,

MONTREAL, June 10 .- A circular letter which Bishop Cameron of Antigonish, Nova Scotia, has issued to the clergy of his diocese regarding the coming Dominion elections was published here to-day. The circular advocates the claims of Sir Charles Tupper to the support of Cathor Sir Charles Tupper to the support of Catholics on account of his being pledged to introduce and pass legislation for the relief of the Roman Catholic minority of Manitoba, and condemns Mr. Wiffred Laurier, leader of the Liberal party, as unworthy of confidence. It says that a vote for a Liberal in the coming elections is a vote against doing justice to the Catholic minority of Manitoba.

3 CAPTAINS TO BE TRIED. A TOBACCO HEART.

Thonsands of Americans Can't Get Life In-surance Because Tobacco Has Destroyed the Heart Action and Wrecked the Nervous System.

Engineer Bates Discovers a Never-Failing and Easy Remedy. DELANSON, N. Y., June 10.—Engineer O. H. Bates stepped off Engine No. 275 to-day, with a long offer in one hand and a bunch of waste in the other. Not a bystander there could help the marking his

youthful, healthy look, and active, vigorous move-ment, and con-trasting bis ap-pearance with his condition of two

ment, and contrasting his appearance with his condition of two months ago.

"Say. Colonel, how well you look!" "Yes, I am well; better than I have been for years."

"What have you been doing?" "Oh, not much: No. To-Bac cured me of the tobacco habit, after using it 43 years, braced it 43 years, braced me mentally and physically, and made me a new man in more ways than one. I had no appetite; couldn't sleep; now I sleep like a baby and eat three times a day with a relish for the first time in years. My heart action is regular and no longer a bar to increased life insurance. You know throttle-puiling requires a pretty steady nerve, and my nerves are O. K. now. One box and a quarter of No-To-Bac cured me completely in ten days. No-To-Bac cured me completely in ten days. No-To-Bac is sold by all druggists, and made by the Sterling Remedy Co. of New York and Chicago. Get their little book called 'Don't Tobacco Spit and Smoke Your Life Away, free to any one that writes. It cost me \$1.00 to get cured, and I spent three or four dollars a week for tobacco. If I had failed to get cured I would have gotten my money back, as the makers guarantee three boxes to cure any case. I have recommended the use of No-To-Bac to many of the boys on the line, and every one of them who got the genuine article has been cured. Look out, don't let some of the imitations be paimed off on you for No-To-Bac." Don't Tobacco Spit and Smoke Your Life Away.—Adv.

UNDERTAKERS' CONVENTIONS.

Hereafter They Will Be Mass Affairs and

Not Composed of Delegates, The State Association of Undertakers in onvention vesterday morning amended their constitution so as to admit of an enlarged membership from among undertakers living beyond the control of a local association, and entirely altered that section which compelled all members of the State Convention to be delegates from city or county organizations. Under the new constitution every undertaker in the State who can satisfy the Membership Committee of his fitness may become a member of the State Association, and every member is entitled to represent himself at the State Conventions, which henceforth will be delegates. The second day's session was called to order

P. Doyle of the Church of the Paulist Fathers made an address on the profession, in which he said that the undertaker is a near reaction to the priest, man being made up of the bedy and the soul, and the ideal of the undertaker's profession being the care of the body, while that of the priest is the care of the body, while that of the priest is the care of the soul.

Then the Committee on Amendments to the Constitution presented its report, and the trouble began. For nearly three hours, until at least three-fifths of the delegates present shouted for a vote to be taken, James Strong and J. H. Farrell, both of Brooklyn, fought each point with W. J. Fhillips of Albany and F. J. Bougherty of Brooklyn of the committee, The committee carried its report on each of the three amendments by the vote of 37 to 10.

The reports of the different committees and the election of officers concluded the work of the Convention. Of the precious stones which adorn the cup many are extremely rare, and in several instances represent the only known specimens of their kind in existence. All were selected by Prof. Egleston, a distinguished mineralogist and expert in precious stones, during his travels in foreign lands. It was his custom, in the course of his travels, to procure such specimens and present them to his wife, and in that way Mrs. Egleston possessed one of the most valuable collections of jewels in this country.

NEW ROCHELLE, June 10.-Edward Govers runs a mineral water factory here and has several wagons on the road which supply his wares to people in the adjoining villages. He is an obliging and confiding man, as will be seen. A well-dressed stranger called on Govers on Memorial Day and said that his name was Sunderland, that he had been out of Pelham-Sunderland, that he had been out of Pelhamville for a year, and that on leaving he had
owed Mr. Govers \$12, which he had come to
pay. He had a check for \$40, which he tendered in payment. Mr. Govers cashed the
check. Moreover, he treated the visitor to a
couple of cigars and some mineral water. The
check was on the Bank of Mount Vernon, and
"Sunderland Electrical Works" was stamped
in the corner. It was signed "H. Sunderland."
On Monday last the check came back endersed

Winnie Osborne, the girl from Oakland City, Ind., who turned up at the Park Avenue Hotel on Monday and apparently attempted to commit suicide by turning on the gas in her room, was taken from Believue Hospital to Police Headquarters yesterday morning by Detective Krauch. She was arraigned later in Jefferson Court on the charge of having stolen about \$500 from her father when she left home. Telegrams received from the father indicated that he was on his way to this city, and the girl was remanded to await his arrival. She was locked up in the Mercer street station

On Tuesday evening after the girl had been formally arrested at Believue Hespital and had acknowledged her identity, word to that effect was sent from the Detective Bureau to Marshal Webb of Oakland City, who had asked that she be apprehended. In reply a telegram was received from Adam M. Osborne, the girl's father, whose calef anxiety seemed to be regarding the mency alleged to have been stolen. This is the telegram:

"Telegram received to-day, signed Thomas F. Murphy, says Winnle Osborne there. Have you made arrest and secured stolen money, and how much? Answer quick."

Agsin Capt, O'Brien of the Detective Bureau communicated with Marshal Webb, saying that most of the money had been received, and again an answer came from Mr. Osborne. He said:

"Telegram received. Be there after my daughter, Winnie Osborne, Thursday eve, or Friday morning with proper papers. Will you hold her? Answer at once."

Capt. O'Brien continued to stand on his dignity and telegraphed yesterday afternoon to Marshal Webb, asking if Mr. Osborne would bring a warrant and would be clothed with the powers of a deputy marshal. A reply is expected before the girl is again arraigned to-day.

When the girl was seen at the Mercer street station yesterday she seemed to take the affair as a good deal of a joke. She said that all ahe took from her father was \$40 and that \$400 was given to her by her mother. She still declined to give the name of her lover, but said he was a conductor on a train running between Louisville and some place beyond Oakland City, Ind. She had met him frequently, and travelled with him on the train. She had known him for two years, she said, and became engaged to him six months are. She admitted having turned on the gas at he hotel, but would not admit having intended to commit suicide.

At Bellevue the girl gave her name as Clara Castrue of Evasaville. She said yesterday to commit suicide.

Dock Solicitor Jordan Falls to Turn In that Sum for Railroad Tickets Sold,

Ernest C. Jordan was tried in the General essions Court in Jersey City yesterday on a charge of having embezzled \$620 from the Pennsylvania Railroad Company, Jordan was employed in the department controlled by Samuel Carpenter, general Eastern passenger agent, as a dock solicitor. The duty of a dock solicitor is to be on the steamship piers when the passengers are debarking and persuade all of them that he can to continue their journey by the railroad he represents. The solicitor is provided with a book of coupon slips, and when he secures a customer he falls out one of the slips, takes the fare, and the customer can exchange the slip for a ticket at any of the exchange the ship for a ticket at any of the commany's offices. The tickets are charged up to the solicitor, who is expected to make his returns every two or three days.

Jordan did not make any returns after Nev. 27, 1895, aithough he continued in the employ of the company until Dec. 18. His immediate chief in the office at 1,199 Broadway, L. J. Rowland, heard that he was playing the races and talked to him. Jordan denied that he played the races, but he said that considerable money was due him and that he had idea some. On one occasion he lost a \$100 bill out of his pocket. It was testified that he had sold tickets to Winnipeg, Portland, Or., Chirago, St. Louis, Philadelphia, Washington, and various other places and had not turned in the money. Senator William D. Daly for the defence contended that unless the State could prove that Jordan had received the money he should be acquitted. Mr. Winfield said that the people to whom the tickets had been sold and who paid the money to Jordan were scattered all over the country. Jordan's orders for the tickets were sufficient evidence that he had received the money. The jury thought so, teo, and convicted him.

The burglars broke into the apartments of Miss Mamie rooms of nearly everything of value. Clocks, clothing, and bric-h-brac were taken out of the place and carried over the roof to the building at 13 Forsyth street. They were seen by the janitor of the building, who ran to the station house and notified the police.

The detectives found the men bundling up the goods on the roof. The three burglars grappled with the detectives, and it was only by the liberal application of clubs that they were overcome. They gave the names of James o'Leary, loseph Taylor, and Edward Smith. None of the men would give his address. Their ages range from 25 to 30 years. In the Essex Market Court they were held for examination.
